# Rajan Kumar Mishra

***PeopleSoft | Asset Management | Python | Data Governance***

rajan.km991@gmail.com | +91 9113419455 | Delhi, India | linkedin.com/in/rajankm991

## PROFESSIONAL SUMMARY

A results-driven PeopleSoft ERP and Python Developer with 4+ years of overall IT experience, with over 3 years dedicated to PeopleSoft FSCM development (**Asset Management**, **General Ledger**) and more than a year focused on **Python-based** data analytics and process automation. Brings proven expertise in configuring the Asset Management module, including asset lifecycle management, depreciation, capitalization, transfers, and retirements, alongside strong hands-on proficiency in Python and SQL for building scalable data solutions. Has a demonstrated track record of automating financial and operational reporting, reducing unplanned downtime and operational costs, and improving forecast accuracy through data-centric strategies, along with hands-on expertise in Application Engine, PeopleCode, and end-to-end SIT/UAT/Production migrations.

## SKILLS

- **AI & GenAI:** Claude Code, Claude Chat, ChatGPT, MS Copilot, Google Gemini; AI/ML, Scikit-learn, Predictive Modelling, Regression Analysis, Time-Series Forecasting
- **Programming & Data:** Python, Pandas, NumPy, Matplotlib, SQL, C/C++, HTML/CSS, Bash; Jupyter Notebook, Anaconda
- **Data Analytics & Governance:** Tableau, Power BI, Advanced Excel, KPI Reporting; Data Validation & Audit Automation, Error-Detection Logic, Compliance Controls
- **Databases & Integration:** MySQL, MongoDB, Oracle Database, Oracle APEX, RESTful APIs, Kafka, ETL
- **PeopleSoft ERP & Finance:** Asset Management, Application Designer, PeopleCode, Application Engine, PS Query, File Layout, PeopleTools, GL; Depreciation, Capitalization, Transfers, Retirements, Month-End Close, SIT/UAT/Production Migration, Upgrades
- **Tools & Soft Skills:** GitHub, JIRA, Visual Studio, MS Office; Communication, Problem-Solving, Analytical Skills, Team Collaboration
- **Languages:** English (Professional), Hindi (Native).

## WORK EXPERIENCE

**PeopleSoft Developer (Senior Software Developer)** — **Oct 2021 – Present**
Cognizant Technology Solutions Ltd. — Gurugram, Haryana, India

**Month-Close Dashboard & Reporting**

- Architected and implemented a scalable Oracle APEX dashboard platform for month-close monitoring and AM reporting.
- Created dynamic dashboards, KPIs, and automated financial reports using Oracle APEX, significantly improving stakeholder visibility and reducing manual reporting effort.
- Leveraged Oracle APEX REST Data Sources and API integrations to streamline data ingestion, achieving a 15% reduction in reporting latency.
- Utilized Claude AI and Claude Chat with Visual Studio for development and code assistance, building strong hands-on experience with GenAI tools to accelerate delivery and improve productivity.

**TriZetto Software Capitalization Automation**

- Designed and implemented end-to-end automation for TriZetto internal software journal entries and asset cost adjustments in PeopleSoft FSCM (General Ledger and Asset Management modules) using Application Engine, PeopleCode, and PS Query.
- Configured PeopleSoft Allocation Process with custom Allocation Groups and Steps, developed a custom setup page for Project ID–Business Unit mapping and created a Record View to extract source data.
- Reduced manual effort and error risk by integrating the allocation process with custom setups and validations, improving operational efficiency and accuracy.

**DPR (Depreciation) Metrics Automation**

- Developed an Application Engine program in PeopleSoft FSCM using PeopleCode and SQL to automate the DPR Metrics report, identifying assets processed under ADD-SUS-RES transactions with incorrect depreciation values.
- Eliminated manual depreciation recalculation by automating error-detection logic and auto-triggering BKS transactions to correct flagged assets, improving data accuracy and reducing processing time.
- Built an automated email notification workflow to alert asset user teams and stakeholders on incorrect assets and confirming BKS transaction completion.

**Key Responsibility as PeopleSoft FSCM**

- Resolved production issues and supported month-end close activities for the Asset Management module.
- Optimized performance of SQR reports and PS Query, enhancing system efficiency.
- Led multiple PeopleTools upgrades (PT 8.60/ PUM 30), ensuring seamless transitions and minimal downtime.
- Executed end-to-end SIT, UAT, and Production migrations using the CAPI tool with zero unscheduled downtime.
- Automated weekly and monthly financial reporting, saving 10 hours per week and enabling more strategic analysis.

**Data Science Intern** **Mar 2023 – Sep 2023**
Access Million (part-time, concurrent) Remote

**Cancer Data Analysis** | Python, Pandas, Seaborn, SciPy, Scikit-learn

- Performed EDA and preprocessing on 50,000+ patient records covering demographic, lifestyle, and clinical features.
- Analyzed treatment cost and survival outcomes across cancer stages, genders, and countries.
- Assessed key risk factors (genetic risk, obesity, smoking, air pollution, alcohol use) and their impact on survival years.
- Applied the Kruskal-Wallis test to statistically validate treatment cost variations across cancer types.

**Amazon Sales Performance Dashboard** | Power BI, DAX

- Built a multi-page interactive dashboard (Overview, Product, Product View) to analyze sales performance.
- Developed KPIs to track total sales, seller count, and order status across regions.
- Identified top-performing states (Maharashtra, Karnataka, Tamil Nadu) and cities (Bengaluru, Hyderabad, Mumbai) to support data-driven strategy.
- Streamlined SQL queries, guided sentiment analysis and built scalable analytics pipelines, improving efficiency and user experience by 10%.

**Junior Engineer** **Aug 2021 – Oct 2021**
Flextronics Private Ltd. Pune, Maharashtra, India

- Built Agile-driven VBA macros cutting report prep time from 2 days to 4 hours, improving management reporting turnaround by 30%.

## EDUCATION

**MBA in Data Science** **Jan 2023 – Jan 2025**
Amity University, Noida, Uttar Pradesh, India 8.23 CGPA

**B.Tech in Electronics and Communication Engineering** **Aug 2017 – Jul 2021**
MIT School of Engineering, Pune, Maharashtra, India 7.73 CGPA

**Higher Secondary Education (PCM)** **Apr 2015 – Mar 2016**
SKB Sr Sec School, Gopalganj, Bihar, India 65.80%

**Secondary Education (10th)** **Apr 2012 – Mar 2013**
Saraswati Vidya Mandir, Bettiah, Bihar, India 8.80 CGPA

## CERTIFICATIONS & ACHIEVEMENTS

- Master's in Data Science & Analytics and Tableau Developer – Top Mentor.
- Amber Award 2024 (Recognized for on-time delivery) and 2026 (Raising the Bar).
- Associate of the Month for October 2023.
- Oracle Certified Foundation Associate - 2022.
- Got 2nd prize for winning IoT Hackathon (MIT-ADT) – 2019.

## DECLARATION

I affirm that the information provided in this resume is accurate and true to the best of my knowledge and belief.

Place: Delhi NCR
Date: 14th Oct 2026 **Rajan Kumar Mishra**
